akeller\_2005 - designer\_1

I am well aware designer\_1 is your passwords. Lets get directly to the point. Not one person has paid me to check about you. You don't know me and you're probably thinking why you're getting this mail?

in fact, i actually setup a software on the X vids (adult porn) web-site and there's more, you visited this site to experience fun (you know what i mean). While you were watching video clips, your web browser started working as a RDP that has a key logger which provided me with access to your screen as well as web camera. after that, my software collected all your contacts from your Messenger, social networks, and e-mailaccount. after that i created a video. 1st part displays the video you were watching (you've got a nice taste ;)), and 2nd part shows the recording of your cam, & it is you.

You do have a pair of solutions. We are going to look at each of these possibilities in particulars:

1st option is to disregard this email. in this instance, i will send out your videotape to every one of your personal contacts and thus think concerning the shame you experience. Not to forget should you be in a committed relationship, exactly how it will certainly affect?

Latter solution would be to pay me \$3000. We are going to refer to it as a donation. in such a case, i will straight away eliminate your videotape. You could go on with your life like this never took place and you will never hear back again from me.

You will make the payment via Bitcoin (if you don't know this, search 'how to buy bitcoin' in Google search engine).

[CaSe sensitive so copy and paste it]

if you may be thinking about going to the law enforcement, anyway, this email cannot be traced back to me. I have taken care of my moves. i am also not trying to charge you very much, i only want to be compensated. You now have two days to pay. i've a special pixel within this e mail, and now i know that you have read this e mail. if i do not receive the BitCoins, i definitely will send your video to all of your contacts including close relatives, co-workers, and so forth. Nonetheless, if i receive the payment, i'll destroy the recording right away. This is a non-negotiable offer, therefore please don't waste my time & yours by responding to this e mail. if you want evidence, reply with Yes then i will send out your video to your 14 friends.
